From the President's Sewing Desk

Summer is coming to an end already, and the weather is starting to get cooler! What happened to summer? It seems like I blinked my eyes and another season has flown by. I really would love fall, but unfortunately it is followed by winter, which is not my favorite season. I am not a cold weather person, except for it gives me excuses to make more quilts!

Soon we will be getting out all our autumn and holiday items. Or maybe it is the perfect time to start some fall-inspired projects. Last meeting we saw several fun ideas for gifts, so now is the time to start (or finish) them.

The UFO challenge that Val started at the beginning of the year is quickly coming to an end. How are your projects coming along? I didn't think I really had any UFOs, but I remembered my "jelly roll race" project from 2016. I really didn't like how my jelly roll turned out sewn together, so I had big plans to cut it apart into strips and reassemble it complete with appliqués and other special treatments. Luckily, I wrote and drew out my plans and ideas, or I would have had to start all over. At least I did that before I shoved it in a drawer for over a year! Well, I finally dragged it out of the drawer, and I spent 3 hours sitting on my living room floor arranging appliqué pieces. (OUCH!! My back and knees are not happy with me!) I'm hoping to have the project done by the end of the year, so I will be working on it over the next however long it takes me.

Hope everyone had a safe Labor Day weekend. Looking forward to seeing all of you at the next meeting! Happy sewing!

Block of the Month NEWS

For information and directions for the September Block, Disappearing Hourglass 2, go to the Mudsock website at www.mudsockquiltersguild.org for the details. Use a medium to dark batik and a white or white on white background.

The basic instructions, can be found on <https://www.youtube.com/watch?v=HaUHEHJxQNU> However, the initial measurements are different in order to have a 12.5" unfinished or 12" finished block to go along with the rest of our BOMs for this year.

It's really fun and easy to make, but looks much more complicated when you are done!
