Volume 7, Issue 10

From the President's Sewing Desk

Happy Fall!

The weather is starting to get cooler (maybe) and the leaves are starting to turn. I feel inspired to make at least a fall leaf wall hanging sometime soon. I have a fall quilt for one of my beds, but I could always make one for the other two beds in the house. So many ideas, so little time!!

I'm getting really excited about the bus trip to Missouri Star. It should be lots of fun. Hopefully I won't find too much fabric that I can't live without. My stash keeps growing even though I am using up some of my fabrics for projects for myself and for Community. I really think the fabric fairies are adding to the piles when I'm not looking. How can I use up fabric, but the piles never get smaller? Do you have some scraps of a very favorite fabric that you hate to use the last piece? I've even used some of them, and I still have LOTS!

I'm always excited to start a new project, so I need to finish the ones I have started already before I get into a new one. I am working on my UFO project that I started over year ago. It is coming along pretty well, now I just have to do borders, backing and quilting. There is hope yet that it will be done before the end of the year. How are your UFOs coming along?

It is time to start planning for the quilt guild officers and committees for 2018. Please take time to review the officer and committee descriptions on the website. We recently updated them, so you can decide if you want to volunteer for an office or committee membership. The more volunteers we have, the less work for
