Dimensions of Wall Quilt: 42" x 42"
Finished Block Size: 12" x 12"

Level: Beginner

Kit: Starlight Pattern
\$9.00

To create this striking quilt, students will either pull squares from their stash (or cut from fat quarters or yardage) in various sizes and values of Lights, Mediums and Darks to create nine beautiful Starlight blocks for this wall quilt, measuring 42" x 42" with borders.

Kit required: Starlight Pattern \$9.00 (Link [HERE](#)) OR purchase in Class.

During the workshop, Lori teaches her Speedy Solutions techniques as she shows how to pull scraps from her stash to use with many different quilt patterns. Her techniques are amazingly simple to incorporate for hundreds of patterns... what a wonderful way to use up Scrap Stash to create beautiful quilts!

By implementing the techniques in Lori's book (Book Link: [HERE](#)), the student will have a scrap stash that has already been cut in various sizes and values to use for this pattern.

However, the student can also simply use fat quarters or yardage to create a beautiful "Starlight" quilt!

Lori will bring her patterns, templates, and books which will be available for purchase.
