

Supply List for Stack'n'Whack Quilting Workshop

I'll step you through the hands-on process of starting a stack n whack project.

You choose a fabric (need help? Email marystrinka@gmail.com or text 317-205-7337).

If you need help determining the pattern repeat, your favorite quilt shop employees should be able to advise you.

Please look through the attached resource list for books with tons of ideas. If you own any of these books (or can obtain them at your local library), bring them to class.

Plan to buy at least 6 pattern repeats. If your fabric has a 24" repeat (common in large scale prints), that's 4 yards. Do not prewash your fabric.

If you want to add some accent colors/triangles/sashing, stick with solid or near-solid blenders. How much to buy? Depends. Probably about half as much as your main fabric. Could be all one color or several different colors.

We'll work together to study the scale of the fabric printing and decide what size triangles (or squares) will work with your fabric.

We'll step through the process of aligning, pinning, and preparing your fabric for cutting.

Then we'll cut and start sewing.

Supply list:

Your focus fabric

Coordinating fabrics if you'd like to frame your blocks or cut setting triangles

Large cutting mat

24" ruler (if you also have a specialty 60 degree triangle ruler, bring it too)
please note; the "TRI-REC" brand ruler is NOT 60 degree ruler and will not work).

Rotary cutter (with a new blade!)

Package of flat-head straight pins

Your sewing machine ready to go

Whatever machine foot gives you a decent 1/4" seam

Coordinating thread and bobbins

(Hint: medium gray thread works great with many multicolor prints!)

Small travel iron and pad if you have it

Seam ripper

Small scissors

A camera (or phone camera) if you like
