

# Sawtooth Star 8"

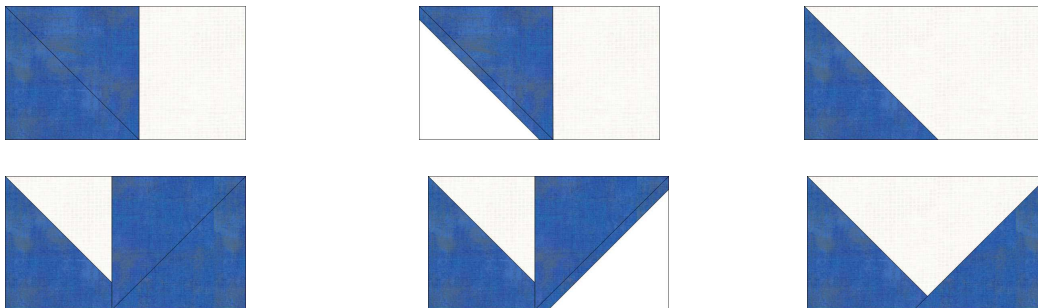

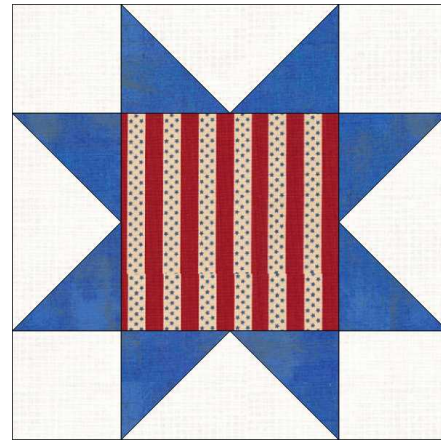

A Year of Stars BOM - January 2026

Fabrics: Patriotic print for the center, red or blue print on print for star spokes, white background.

Cutting: Patriotic: 1 4.5"x4.5" square  
 R/B: 8 2.5"x2.5" squares  
 White: 4 2.5"x4.5" rectangles  
 4 2.5"x2.5" squares

Construction:

With white rectangles and R/B squares make 4 Flying Geese units. Draw diagonal line from corner to corner on the back of R/B squares. Lay 1 square on end of white rectangle with drawn line from center to corner, sew on line. Trim off outside leaving 1/4" seam edge. Press to dark fabric. Take 2nd square and repeat process on other side of rectangle. You will have 1 Flying Geese unit. Square unit to 2.5"x4.5", making sure corners are even and point is 1/4" in from edge. When sewing on diagonal sew a thread's width towards the corner along line to keep unit square.

Layout:

Arrange units as shown at right. Sew the units in rows and then sew the rows together. Press in the direction of the arrows. The block will measure 8.5" unfinished.

Make 2 stars for your home QAL. If you are doing a RWB theme make 1 blue Star and 1 red Star. If you are using a different color scheme use a dark for star spokes and a medium for center.
